An Offer So Good We Served It On A Silver Platter

Purchase 10 Application Training Coupons for $199 each (a $760 savings), and we'll throw in a day of onsite training with one of our professional instructors for FREE (up to a $2,000 value).

Use our trainer to deliver a private class (for up to 12 people) at your office. Or, use our trainer to enhance the skills of key staff members thru one-on-one coaching. Maybe you want to use our instructor as a roving subject matter expert for a day. Whatever the case, we'll work with you to develop a custom one day engagement that will bring practical, productivity enhancing skills directly to your office.

That's 10 days of applications training that can be used any time over the next 12 months on any of the hundreds of applications classes we offer plus the custom, dedicated use of a professional trainer at your site for a day, all for only $1,999.

Suppose you have 3 people that need training on PowerPoint, 2 people that need Outlook training, and 5 people that could benefit from training on Excel. With this package, you could send each of those individuals to a class on their particular topic and reinforce that classroom training up with a day of on-the-job mentoring and coaching covering the use of those applications in matters specific to your business.

This is a limited time offer. Contact your Account Executive to take advantage of this promotion today.

Terms and Conditions

- Offer expires January 31, 2010.
- Each training coupon is good for one day of business skills or desktop applications training. Multiple day classes require the use of one coupon per day.
- Training coupons expire 12 months from date of purchase.
- Free onsite day can be scheduled any time after payment is received. Scheduling is done on a first come first served basis.
- If the free onsite day is used for a dedicated class, enrollment is limited to 12 people. An additional fee will be charged for additional students.
- The free onsite day can be used for a dedicated class at New Horizons' facility if that is preferred.
